Investing in this Plan puts your capital at risk. You may lose some or all of your investment. This brochure explains the features of the Plan. Please ensure that you read this document fully prior to making an investment. Meteor does not provide financial advice. We recommend that you talk to a financial adviser who will be able to help you assess whether the Plan is suitable for you. You should conduct such independent investigation and analysis of the tax treatment of an investment as you feel appropriate, to evaluate the merits and risks of an investment in the Plan. The information on taxation contained in the brochure is based on our understanding of rates of tax, current legislation, regulations and practice, which are likely to change in the future and which may be applied retrospectively.

This brochure is also available in large print.

Key Risks

Risk to capital and investment return

- This is a capital-at-risk product and you could lose some, or all, of the money you invest in the Plan.
- The capital return is based on the lower performing Index. Should the Final Level of the lower performing Index be less than 60% of its Opening Level, you will lose money.
- It is possible that no investment return will be payable at all.

Access to capital

- If your circumstances change and you need to encash the investment before Maturity, the Securities would have to be sold and you may not receive back all of the amount you originally invested in the Plan. You will also have to pay an administration charge.
- In normal market conditions, it is expected that BNP Paribas Arbitrage SNC (the Calculation Agent of the Securities) will provide pricing of the Securities for investors who need access to their capital before the Maturity Date. However, there is no guarantee that BNP Paribas will provide pricing or that you will be able to redeem any investment before the Maturity Date as the decision about whether market conditions are normal will be taken by the Counterparty (see Liquidity risks).

Counterparty risk

- It is possible that the Issuer and/or Guarantor could collapse or fail to make the payments due. If this happened you would lose some or all of your original investment as well as any potential investment returns to which you might otherwise have become entitled.
- The actual and perceived ability of the Issuer and/or Guarantor to meet its obligations may affect the market value of an investment over the term. If the Issuer and/or Guarantor fails to meet its obligations, you will get back less than is due to you or nothing at all.

The risks associated with this Plan are not limited to those listed above, but these are the key risks. Further risks are outlined on pages 15 to 17.

How the Plan works

An investment in the Plan constitutes a contractual arrangement with Meteor Asset Management Limited. If you have agreed that we pay an adviser charge to your adviser (see page 18), this amount will be deducted and the remainder will be the capital you invest in the Plan. We will use this amount to acquire, on your behalf, financial instruments ('Securities'), which are designed to have the characteristics required to achieve the investment objectives of the Plan.

The Issuer will be responsible for the payment to the Plan Manager of any return of capital and any investment return due from the Securities. The return of any capital and any investment returns is therefore dependent on the ability of Issuer and/or Guarantor to make the payments due from the Securities (see pages 5 and 6).

The potential investment returns from the Plan are linked to the performance of the Indices (see pages 7 and 9). Neither the Plan nor the underlying Securities track the Indices directly but offers the potential for an enhanced return on your investment compared to the actual performance of the Indices.

On any Measurement Date, the Plan may mature early, paying you an investment return and a return of the money you invest in full. This is explained on page 7.

If the performance of the Indices is such that no investment return is payable, the return of capital at the Maturity Date is based on the performance of the Indices. You will lose some or all of the money you invest in the Plan if the Final Level of the lower performing Index is below 60% of its Opening Level. This is explained on page 8.

We have designed the Plan to try to limit the potential for a reduction in your capital should the Indices fall. However, risk has not been eliminated and your capital is at risk (see page 17).

The trade-off for the possible enhanced returns and limiting the possibility of capital loss is that if the Indices were to increase by more than the potential investment return, you would not benefit from any investment return above that provided by the Plan. In addition, you should also understand that you will not be entitled to receive the dividends that would normally be available if you had invested directly in the Indices.

If the Plan is oversubscribed we may not be able to accept your application.

The Plan is not in any way sponsored, endorsed, sold or promoted by STOXX Limited ("STOXX"). STOXX do not make any warranty or representation whatsoever, either expressly or implied, either as to the result to be obtained from the use of the Index and/or the figure at which the said Index stands at any particular time on any particular day or otherwise. Compensation arrangements

If BNP Paribas Arbitrage Issuance B.V. and/or BNP Paribas fail to meet their obligations to pay to us the amount due from the Securities and you lose the money you invest in the Plan or any investment return to which you would otherwise have become entitled you will not, for this reason alone, be entitled to compensation from the Financial Services Compensation Scheme (FSCS).

Meteor Asset Management Limited and Meteor Investment Management Limited are covered by the FSCS and you may be entitled to compensation from the FSCS in the event that we are declared to be 'in default' and you have suffered a loss as a result of Meteor's actions or negligence. In this event, the compensation limit is currently £50,000 per person. If the level of your claim against us is greater than £50,000 you would not be covered for the excess.

We currently use a range of banks to hold client money. You may be eligible to make a claim if any of the banks we use or may use in the future, becomes insolvent whilst holding your money prior to the purchase of the Securities, or pending payment to you of the amounts received at the maturity or earlier redemption of the Securities. In this event, the compensation limit is currently £85,000 per person and this applies to all deposits you hold with the insolvent bank and any other member of its group. You would not be covered for any excess amount over the compensation limit.

Many banking groups use several brands, which means the total deposits within a group will count towards one compensation limit. You can look up details of banking and savings groups on the FCA website: <http://www.fca.org.uk/consumers/complaints-and-compensation/how-to-claim-compensation/banking-and-savings/banking-and-savings-brands>

Selection of a counterparty

The security of your Plan depends on the creditworthiness of BNP Paribas Arbitrage Issuance B.V. and BNP Paribas. It is possible that the Issuer and/or the Guarantor could collapse or fail to make the payments due to us from the Securities. If this happened you would lose some or all of the money you invest in the Plan, as well as any investment returns from the Plan to which you might otherwise have become entitled.

One of the factors taken into account when selecting a counterparty is its long term credit ratings. These are the opinions of a range of credit rating agencies regarding the long term security of the Counterparty.

A high rating from one or more of the credit rating agencies is not a guarantee that the Issuer and/or the Guarantor will meet its obligation to pay the amount due from the Plan.

Fitch, Moody's and Standard & Poor's are independent ratings agencies that research and grade the ability of financial and other institutions to make the payments due from the Securities issued and/or guaranteed by them.

By way of example, Standard & Poor's highest possible rating is AAA, followed by AA and A. These three ratings along with their BBB rating are generally regarded as investment grade (i.e. of higher quality). All of these ratings, except the AAA rating, can also be modified by a plus or a minus to give a counterparty's relative status within the grade; for example, A+, A, A- for the A rating. Ratings from BB downwards are provided in respect of other securities.

A rating outlook assesses the potential direction of a long-term credit rating view over the intermediate term. The term considered varies between credit rating agencies; Fitch looks at a 12 to 24 month period, Standard & Poor's a 6 to 24 month period, while Moody's says its outlooks are 'over the medium term'. In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future creditwatch action.

- Positive means that a rating may be raised.
- Negative means that a rating may be lowered.
- Stable means that a rating is not likely to change.
- Developing means a rating may be raised or lowered.

All references to the credit rating are correct as at the date of this brochure. Credit ratings are subject to change during the offer period and during the term of the Plan.

BNP Paribas Arbitrage Issuance B.V. has a long term credit rating of A+ by Standard & Poor's.

Ongoing information about the ratings of the Issuer and/or Guarantor is available on the Meteor website and we will, where appropriate, include information relating to credit ratings in your periodic valuation statements.

Please refer to your financial adviser if you have any queries regarding credit ratings.

Investment return

How investment return is calculated

The investment return from the Plan is linked to the performance of the Indices. The Opening Levels of the Indices will be their closing levels on 12 September 2014.

We will compare the Opening Levels with the closing levels of the Indices on each Measurement Date. The first Measurement Date will be on 12 September 2016, two years after the Start Date. Thereafter the performance of the Index will be measured annually.

If, on a Measurement Date, the closing levels of both Indices are at least equal to 90% of their respective Opening Levels, the Plan will mature early and

make an investment return. If the Plan matures early on a Measurement Date, the gross investment return payable will be: 16% at year 2; 24% at year 3; 32% at year 4; and 40% at year 5.

If the Plan matures early, settlement of maturity funds will be made within 10 Business Days of the relevant Measurement Date, or upon receipt of your signed instruction, if later.

If, on a Measurement Date, the closing level of one or both Indices is below 90% of its Opening Level, no investment return will be made and the Plan will remain in force.

If the Plan runs for its full term, the gross investment return on the Maturity Date will be 48%, as long as the Final Levels of both Indices on 14 September 2020 are at least equal to 90% of their respective Opening Levels.

If the Plan has not matured early and the Final Level of one or both of the Indices is below 90% of its Opening Level, no investment return will be made.

Return of capital

How capital return is calculated

If the Plan matures early at any Measurement Date, your capital will be returned in full.

If the Plan does not mature early following any Measurement Date, the return of your original capital at the Maturity Date will be based on the performance of the Indices and your original capital is not guaranteed to be returned in full.

You will lose some, or all, of your money if the Final Level of one or both Indices is below 60% of its Opening Level.

In this case, the reduction in your original investment at the Maturity Date will equal the same percentage that the Final Level of the lower performing Index is below its Opening Level.

For example, if the money you invest is £10,000 and the Final Level of the lower performing Index is 70% below its Opening Level, you will receive only £3,000 of the money you invest in the Plan.

If the Final Levels of both Indices are at least equal to 60% of their respective Opening Levels, you will receive a full return of the money you invest.

The table below gives examples of the return of capital at maturity based on a range of movements of the lower performing Index.

The table does not give predictions of what we believe you might receive. It is designed to illustrate how the return of the money you invest in the Plan is calculated. You should be aware that you could lose all of the money you invest in the Plan.

Amount invested after charges	Final Level of the lower performing Index relative to its Opening Level						
	-20%	-40%	-50%	-60%	-70%	-80%	-100%
£10,000	£10,000	£10,000	£5,000	£4,000	£3,000	£2,000	£0
£15,000	£15,000	£15,000	£7,500	£6,000	£4,500	£3,000	£0
£20,000	£20,000	£20,000	£10,000	£8,000	£6,000	£4,000	£0
£25,000	£25,000	£25,000	£12,500	£10,000	£7,500	£5,000	£0
£50,000	£50,000	£50,000	£25,000	£20,000	£15,000	£10,000	£0

The Indices

There are now many Indices established by different organisations, all of which are designed to convey to the world how different markets are performing.

The FTSE 100 Index is made up of the top 100 UK listed companies by market capitalisation which operate across the whole marketplace including banking, oils, pharmaceuticals, mining, and retail and include companies such as BP, GlaxoSmithKline, RioTinto and Marks & Spencer.

The EURO STOXX 50 Index is an index of 50 leading blue chip companies in the Eurozone of Europe. It currently includes such well known companies as AXA, BNP Paribas, Daimler and Philips.

The Indices are based on market capitalisation and are capital value only indices, i.e., they do not make any allowance for reinvestment of dividends.

You will not be entitled to receive dividends that would normally be available from an investment in any of the Indices, as you are not investing directly in the shares of any listed company.

It is important to remember that the value of stock market investments, such as shares, can and do fall, as well as rise.

The graph below shows the movements in the Indices over a ten year period ending 8 July 2014. You must remember that past performance should not be used as an indicator to the future, as the results shown might have been achieved during investment conditions that might not be repeated. As the graph shows, the values of these Indices do fall, as well as rise.

Source: Meteor Research Department/Bloomberg, 11 July 2014

For the purposes of the graph the Indices have been rebased at 100 on 8 July 2004

Past performance is not a reliable indicator of future performance and should not be used to assess the future returns or risks associated with this Plan.

Adjustment Events

A number of events, relating to the Indices or affecting the hedging of the Issuer's obligations under the Securities (including events relating to the Certificates) such as market disruption events, disruption, modification or cancellation of the Indices, change in laws or regulations, give the Calculation Agent of the Securities the right to perform, in its sole and absolute discretion, adjustments to the variables of the Securities, which may affect the amounts payable under the Plan. These adjustments may include: adjustments to the Opening Levels, Final Levels, closing levels on Measurement Dates, postponing the dates on which Opening Levels and Final Levels are observed and of the Measurement Dates, substitution of the Indices, and early redemption of the Securities.

Simulated historical performance

We have simulated the past performance of the Plan based on the actual performance of the Indices over every completed six year period since 31 December 1986, which was the first date on which both Indices were active.

Our research shows that there were 4156 instances (76.48% of all occasions) out of 5434 completed periods that would have achieved an investment return of 16% at the end of the second year.

In addition, the simulated past performance shows that the Plan would

have produced an investment return in other years on 7.07% of all occasions.

There would have been 864 instances (15.90% of all occasions) where the Plan would have returned the amount invested only.

However, there were 30 instances (0.55% of all occasions) out of 5434 completed periods that would have produced a capital loss. In these periods, the Final Level of one or both Indices was below 60% of its Opening Level.

It should be remembered that simulated historical performance is not an indicator of future performance and that this may not be replicated over the term of this Plan.

The table below shows how the Plan would have performed over every completed six year period from 31 December 1986 to 7 July 2014.

	Number of cycles	Percentage
Number of 6 year cycles tested	5434	
Number of times the Plan would have returned a loss	30	0.55%
Number of times amount invested returned only	864	15.90%
Number of times the Plan would have made a investment return	4540	83.55%
Number of times an investment return would have occurred in year 2	4156	76.48%
Number of times an investment return would have occurred in year 3	28	0.52%
Number of times an investment return would have occurred in year 4	182	3.35%
Number of times an investment return would have occurred in year 5	56	1.03%
Number of times an investment return would have occurred at maturity	118	2.17%

Source: Meteor Research Department/Bloomberg, 11 July 2014

Note: Percentages are rounded to two decimal places and may not add up to exactly 100%.

Past performance is not a reliable indicator of future performance and should not be used to assess the future returns or risks associated with this Plan.

Taxation

The information contained in this brochure is based on our understanding of rates of tax, current legislation, regulations and practice, which are likely to change in the future and may be applied retrospectively.

This is a general guide only. The information relates solely to United Kingdom taxation and is expected to apply to you if you are a UK tax resident investor who is the beneficial owner of your investment in this Plan. The statements are not exhaustive and do not constitute tax advice.

It is important that you consult your tax advisers concerning possible taxation and other consequences of making an investment in the Plan.

Any gains made from the investment by SIPPs, SASSs and other pension arrangement will usually be free of tax.

When you invest individually, jointly or via a trust, the returns under current legislation, will be subject to Capital Gains Tax (CGT). Should you invest within a NISA, the returns will be tax free.

The values of any tax reliefs will depend on your individual circumstances and could change at any time and be applied retrospectively.

All individuals have an annual CGT exemption allowance (trusts receive 50% of this allowance). This means that if liable to CGT the total gains in the tax year in which the Plan matures will be added to any other gains in that tax year. Provided that the total of these gains is below the exemption level in the tax year of maturity, they will be free of CGT.

The rate at which capital gains are taxed depends on your individual circumstances. CGT is currently payable at 18% for UK tax payers taxed at the basic rate of Income Tax. This rises to 28% for higher rate tax payers, trusts and personal representatives. However, only gains in excess of the annual exempt amount are subject to the tax.

The taxation of any gains on investments in the Plan made by companies, partnerships or other businesses will depend on the tax position of the organisation.

Further information about tax in the UK is available from HMRC website www.hmrc.gov.uk.

Anti-money laundering regulations

Your financial adviser has to verify your identity for the purpose of anti-money laundering regulations and will probably have asked you for documentary evidence in order to fulfil this requirement. We are able to accept the verification provided

by your financial adviser but we reserve the right to request additional information and/or documentation to satisfy our own anti-money laundering procedures.

We will also carry out an electronic data check to verify your identity.

The check will be carried out using a reliable and reputable electronic database agency. This is not a credit check and will leave a different 'footprint' on your electronic record to that left by a credit check.

Investing

Before you decide to invest you should have read this brochure, including the Terms and Conditions, making sure that you understand the nature of the investment. The section 'Is this Plan right for me?' (on page 21) will act as a helpful reminder of the questions you should ask yourself.

You can place an order for a plan either online or by completing and submitting a paper based application form. Please note there will be an initial charge of 0.25% for paper-based applications that request ongoing paper-based correspondence, including valuation statements sent to you by post.

Please take care to complete the Adviser Charging section of your application

form as we will use this information as the basis of any payments we make to your adviser on your behalf. You may amend or cancel this instruction in writing at any time (see page 18).

NISA transfer applications must be received by Meteor at least two weeks before the Start Date to allow sufficient time to instruct the current NISA Manager and for them to complete the transfer of funds to Meteor.

If you are sending funds via bank transfer (BACS or CHAPS) please check with your bank to confirm whether its payment system transfers funds instantly or whether there is a clearing period, which can be up to three working days, before cleared funds will be received in the Meteor client account.

Application forms accompanied with a cheque must be received by Meteor at least one week before the Start Date, to allow sufficient time for the cheque to clear. Cheques should be for the full amount you want to invest, plus any adviser charge you wish us to make on your behalf, and be made payable to 'Meteor Investment Management Limited Client Account'. If you are sending in a building society, company or scheme cheque please make sure that it has your name in brackets after the wording above.

Your completed application form and cheque should be sent to your financial adviser or directly to us at 55 King William Street, London, EC4R 9AD.

We will acknowledge receipt of your instructions and of the investment monies.

We do not offer financial advice or guidance on tax issues. However, we believe that it is important to seek such advice before you invest, to ensure that you choose an investment, which is appropriate for you.

This Plan may be held:

By individuals

As an individual, jointly, or on behalf of a child under the age of 18.

By pension arrangements

The trustees, subject to the terms of your scheme, can hold plans as a permitted investment within any type of pension arrangement, including a SIPP and a SSAS.

By trustees/companies/partnerships

This Plan may be held by trustees, companies or partnerships, subject to relevant articles of association permitting such an investment.

As New Individual Savings Accounts (NISAs)

Individual Savings Accounts (ISAs) were launched in the UK in 1999 to encourage people to save. They allow

you to save and invest without paying any tax on any on returns you make from your investment in the Plan.

In his Budget of 19 March 2014, the Chancellor announced major changes in ISAs which, from 1st July 2014 are called New ISAs, or NISAs. From that date all stocks and shares ISAs became stocks and shares NISAs and all cash ISAs become cash NISAs.

The subscription limit for 2014/2015 has been raised to £15,000 (from £11,880) which may be split between a cash NISA and a stocks and shares NISA in any proportion as long as the overall £15,000 limit is not exceeded.

Investors are now able to transfer a stocks and shares NISA to a cash NISA, as well as from a cash NISA to a stocks and shares NISA, as well as between NISAs of the same type.

Investors who had already subscribed up to the old limit of £11,880 to a cash ISA and/or a stocks and shares ISA between 6 April 2014 and 30 June 2014 may only "top up" their subscription to the new limit with the same NISA Manager(s). If the current NISA manager does not allow additional investment for the current year, investors may transfer their ISA to a manager that will allow top-ups but should take financial advice before doing so (see NISA transfer risks on page 15).

The minimum value for NISA transfers is £5,000, with no maximum limit.

The Plan is not available to residents of the United States

Statements and communications

We are happy to communicate with investors in the way that best suits their requirements, so you have the option of receiving communications from us online, or in paper format.

You have the choice of applying for a plan online, or by sending in paper applications. Where you open an account online, we will send all regular communications to you by email, so please remember to tell us if you change your email address.

If you complete a paper application you will still have the option of receiving future communications online, by ticking the appropriate box on the Application Form.

You can change the mode of receiving communications by notifying us. As this would be a fundamental change to the way we deal with you we would require a letter signed by all investors to make the change.

In all cases we will send you confirmation that your Account has been opened by letter and, where we have your email address, by email. Your Account will allow you to hold all the Plans you apply for in one place.

One of the key benefits of this is the ability for investors to access and review their investments online at anytime and we hope that all investors utilise the functionality of the website.

Risks

In addition to the key risks set out on page 2, there are a number of other risks associated with this investment that you should understand.

Cancellation risks

- If you want to cancel your investment after the Securities have been purchased, you will only get back the value of the Securities when they are sold, which is likely to be less than your original investment.
- If we pay an adviser charge/fee amount to your financial adviser on your behalf and you subsequently change your mind about investing, you will be responsible for obtaining any refund which may be due to you from your adviser.

Concentration risk

- The Plan should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the money you have available for investment into any one plan, to avoid over exposure to a Counterparty or Plan type.

Inflation risk

- Any inflation will reduce the real value of your investment over time.

Investment risks

- Should the Indices increase by more than the returns provided by the Plan, you would not receive the benefit of any additional investment return above that provided by the Plan.

- Should the Plan be oversubscribed, the purchase might not be completed for you. As we near capacity we will flag this on our website at www.meteoram.com.
- The Securities are linked to Preference Shares issued by a company of the BNP Paribas group. There is a risk that events occurring in relation to the Preference Shares may affect the value of the Securities, or trigger early redemption of the Securities, which therefore may affect returns under the Plan.
- The value of the Securities that back your Plan may vary significantly throughout the life of the investment. Whether you decide to sell a security at its prevailing value during its life, or whether you wait until maturity, you could receive back significantly less than you invested.
- The value of the Securities that back your Plan will be initially impacted by any fees or costs that were built into it. Subsequently, factors such as, but not limited to, movements in interest rates, the performance of the Indices, and the creditworthiness of the Counterparty will all affect the price of a security.
- The Opening Levels of the Indices apply on the Start Date of the Plan and not the date on which you apply for the Securities. The levels may vary significantly between these dates.

- When the Plan matures you might not be able to reinvest the proceeds to achieve the same, or similar, level of investment return.

NISA transfer risks

- If you wish to transfer an existing NISA this must be done in cash, which means your existing NISA Manager will sell your investment.
- You could lose some interest if you transfer a cash NISA and decide not to wait for the expiry of any notice period. Your existing NISA Manager may also charge you an exit or transfer fee.
- There is the potential for loss of investment return if markets should rise while your transfer remains pending.
- We have a deadline for receipt of NISA transfer applications, to allow time for us to receive the proceeds from your existing NISA Manager. However, if they do not send us the funds you have requested before the Start Date we will not be able to purchase the Securities on your behalf.
- If you have elected to pay any adviser fees and have asked us to pay that fee to your adviser on your behalf this could reduce the amount invested with the tax advantages of an NISA.

Risks – continued

Liquidity risks

- You should have other savings that you can access immediately and without penalty to meet any emergency cash needs.
 - The terms of the investment may permit the Counterparty to delay, reduce or withhold payments. These provisions are not intended to circumvent what is legally due to you but are intended to cover unforeseen events which affect your return from the Plan, for example, a suspension or delay in receiving prices.
 - The Issuer intends to make a market in the Securities on a regular basis under normal market conditions, but the Issuer does not commit and is under no obligation legal or otherwise to make any market in the Securities.
-

Market risk

- External factors could affect national economies, regions or an asset class and cause a fall in value of the Securities held in your account or in extreme cases, the collapse of the Counterparty.
-

Pricing risk

- The Counterparty may not be able to quote regular prices making it difficult to value your investment and delaying any early encashment request you may make.
-

Product risk

- The design of the Plan could produce a return that is lower than a direct investment in the Indices or may produce no return at all.
-

Tax risks

- Before investing in this Plan you should conduct independent investigation and analysis regarding the tax treatment of the investment to evaluate the merits and risks of the Plan. Tax risks include, without limitation, a change in any applicable law, treaty, rule or regulation or the interpretation thereof by any relevant authority which may adversely affect payments in respect of the investment.
 - The values of any tax reliefs will depend on your individual circumstances and could change at any time and be applied retrospectively. You should note that the levels and bases of taxation could change in the future and these changes may be applied retrospectively. You should also consider whether you should consult your own tax adviser and carefully review and consider the investment in light of your personal circumstances.
 - Re-registration of this investment to a new holder may alter the tax implications indicated on page 11.

Capital-at-risk products

The following section explains a range of products that put your capital at risk. As such products could cause you to lose some or all of your money, it is important that you understand and accept these risks and the possible consequences when you choose any capital-at-risk product.

What are capital-at-risk products?

They are investments from banking, insurance or investment management firms that can offer attractive returns. Capital-at-risk products usually invest in a variety of stockmarket investments, such as shares or debt securities.

Products that put your capital at risk include:

- stockmarket based investments.
- investment bonds and funds that invest in debt securities.
- investments linked to the performance of a stockmarket or some other factor such as a collection of shares.

As an alternative, you could invest directly in:

- shares, and so benefit from any dividends paid;
- debt securities, for which you get fixed or variable interest.

The value of direct holdings in shares and other securities can change sharply, down as well as up. Depending on its particular terms and conditions, the value of an investment linked directly or indirectly to a stockmarket may have lesser, similar or greater risk.

Stockmarket-based investments

A wide range of such investments are available. These include investment trusts and collective investment schemes, such as open-ended investment companies (OEICs) and unit trusts. The performance of the investments depends on the investment

strategy adopted and general stockmarket conditions. The value of stockmarket-based investments can alter sharply because they are linked to the performance of the underlying shares or bonds.

Investment bonds and funds that invest in debt securities

These vary widely and include distribution bonds, with-profits bonds, unit-linked bonds and corporate bond funds. The money you invest is usually put directly into a stockmarket or into fixed or variable interest funds.

Investments linked to an index or other factor

Repayment of the capital is linked to the performance of an index, a combination of indices or some other factor, such as the performance of a collection of shares. Such investments are called 'structured capital-at-risk products'. Some offer a specified level of income over a fixed period while others offer growth that depends on the performance of an index or other factor. These products, and the risks involved, can vary widely.

What are the main risks involved with capital-at-risk products?

- Your capital can fall below the amount you put in
- The rate of return advertised might be achieved only after a set period; you may not know until that date how well your investment has performed

- The rate of return you get may depend on specific conditions being met. Even professionals may not be able to judge accurately how likely that will be
- If you take your money out early, you may get back less than you put in.

What is the difference between a capital-at-risk product and a savings account?

When you put your money in a Bank or Building Society savings account, its original value doesn't change and you get interest. The return will be comparatively low, because you haven't risked your capital. With capital-at-risk products you may get higher returns, but you are putting your capital at risk and may end up with less than you put in.

Will I get the advertised rate of return?

This depends on the terms and conditions under which you have invested. Often the advertised rate illustrates what is possible and is no more certain than that.

Frequently asked questions

What is my commitment?

To understand the potential benefits and risks associated with this Plan.

Should I see a financial adviser?

We believe that it is important that you make sure that the Plan is appropriate for you. We do recommend that you talk to a financial adviser before deciding whether to invest in this particular Plan and a specialist tax adviser if you require advice on tax.

How can I access information on my online Account?

You can access details of your investment, including transaction details and valuation, by logging on to the client section of our website www.meteoram.com using your individual username and password which we will provide once your Account is set up.

Can I change my mind about investing?

Yes, you can. When we acknowledge your application we will send you a 'Notice of Your Right to Change your Mind'. You have 14 days from the day you receive this to send it back to us. However, if you choose to withdraw your investment after the Securities have been purchased, you are likely to get back less than you invested. If we pay an adviser charge/fee amount to your financial adviser on your behalf and you subsequently change your mind about investing, you will be responsible for obtaining any refund which may be due to you from your adviser.

What happens if a plan is oversubscribed or the Plan does not proceed?

If your money cannot be invested into the Plan for either of these reasons, your initial investment amount will be returned to you.

Can I encash/transfer a plan before maturity?

In normal market conditions you can, although when your Securities are sold the price is likely to be less than the price you initially paid. You will also be charged an administration fee for early encashment or a transfer fee.

What should I do if I have a complaint?

- In the event you should wish to complain at any time about this Plan, or the service you have received, you may do so by contacting The Compliance Officer, Meteor Asset Management Limited, 55 King William Street, London, EC4R 9AD or by telephoning 020 7904 1010.
- We will keep you informed during the investigation process and will notify you of our conclusions and explain how these have been reached.
- If you are not happy with our response you may wish to contact the Financial Ombudsman Service at South Quay Plaza II, 183 Marsh Wall, London E14 9SR. Telephone: 0800 023 4567. Making a complaint does not prejudice your right to take legal action.
- Full details of our complaint procedure are available upon request.

- We would draw your attention to the fact that the value of investments can shift unpredictably, and can fall as well as rise and that such a fall is not, in itself, usually a valid reason for complaint.

How are adviser charges managed?

- If you ask us, we will make the payment of any initial charge due to your adviser.
- An initial charge will be paid by deducting the amount you have agreed with your adviser from the amount you have sent us for investment. You should note that this will reduce your investment amount.
- We will confirm to you the amount of the charge you have asked us to deal with.

What happens to my money:

Before the Plan Manager purchases the Securities for my Plan?

- Cleared funds received during the offer period will be held until the purchase date in the client account of Meteor Investment Management Ltd and your money never forms part of our assets. Meteor Investment Management Limited was established and authorised specifically to administer our plans and to provide safe keeping of client assets. No interest will be accrued to the Start Date of the Plan.
- Any adviser charge you have asked us to pay to your adviser, will be deducted from the money you have paid to us once it has cleared and paid to your adviser.

Frequently asked questions - continued

After the Plan Manager has purchased the Securities?

- The money that you invest will be used to buy the Securities that are designed to provide the capital and investment returns explained in this brochure.
- The terms of the Securities are fixed at outset so there is no ongoing investment management.
- The Securities will be held in the name of 'Meteor Nominees Limited' and will be held by our Custodian, which is currently The Northern Trust Company. You will remain the beneficial owner of the Securities purchased on your behalf.

When the Securities have matured?

- Once we receive your maturity proceeds from the Issuer we will credit the funds into your Account; this will be held as Client Money and no interest will be paid on this amount.
- The maturity value will be available within 10 Business Days of a Measurement Date in the event of an early maturity, or on the Maturity Date, if the Plan runs for the full term.
- However, we will not make any payment until we have received your written instruction and will therefore continue to hold your money until you advise us whether you wish to take the cash value or reinvest.

What happens to my NISA transfer if a plan is oversubscribed or the Plan does not proceed?

For NISA transfers, we will endeavour to return the cash to your previous NISA Manager. Alternatively, we will await your written instruction to either invest in a different Meteor plan or transfer to another NISA Manager, if possible.

How will you keep me informed?

- We will write to you to acknowledge the Plan you have selected within five working days. With this letter we will send you a summary of your investment and a notice of cancellation.
- Shortly after the Start Date of the Plan we will send you details of your investment. We will send you a half yearly statement as at 5 April and 5 October showing the current position of your Plan and any other plans held in your Account.
- About three weeks before maturity we will write to you via your adviser to provide full details of the position so that your adviser can discuss this with you. We will also alert you to an impending maturity. If you do not have an adviser we will provide the information directly to you.
- You can access details of your investment, including transaction details and valuation, by logging on to the client section of the Meteor website www.meteoram.com using your individual username and password which we will provide once your Account is set up.

What happens to the Plan if I die?

- We will require a death certificate and any supporting documentation so that we can administer your investments, in accordance with instruction by your personal representatives. We will provide valuations of the Plan held as at the date of death and will outline the options available, which will include re-registering the Plan to a new owner so that it can be held until maturity.
- Where a plan is held jointly by two or more holders, the investment will be the joint property of all the holders and, following proof of death of the relevant holder, all instructions must be authorised by all the remaining joint holders.
- If the Plan has been established as a NISA, it will cease to be tax exempt from the date of death.

About Meteor

Meteor Asset Management Limited will act as Plan Manager. Meteor Investment Management Limited (MIM) is the Plan Administrator for the Plan. MIM was established for the specific purposes of administering Meteor's own plans and those we are administering on behalf of third parties and for the keeping of all client assets.

To Meteor, treating customers fairly is more than just an FCA Principle; it is part of the sound foundation on which our business is built.

transparency throughout the term of any investment.

Meteor does not offer financial advice or guidance on tax issues. However, we believe that it is important to seek such advice before you invest, to ensure that you choose an investment which is suitable for you.

Is this Plan right for me?

Prospective investors are advised to read this brochure carefully and consider the following in order to decide if this Plan is appropriate for you. It will not be appropriate for you unless you can answer “yes” to the following comments.

- I understand that the investment is designed to potentially mature early
- I accept that the Plan may not provide any investment return at all
- I accept that in the event that the Counterparty defaults on payments due on this investment, I may lose some or all of my capital plus any investment return due
- I understand that there is no guarantee that the Counterparty will provide pricing
- I understand I will not have recourse to the FSCS in the event that the Counterparty defaults

There are other factors that you should consider. The descriptions below are not, and are not intended to be, a complete list of considerations and therefore should be read as a general guidance on helping you decide if this Plan is right for you. - I want the potential to benefit from the investment returns which are linked to the performance of the Indices
- I want my investment to provide potential capital growth rather than income payments
- I am comfortable with the fact that if an investment return is not triggered and the Final Level of the lower performing Index is below 60% of its Opening Index Level, I will lose some or all of my capital
- I am comfortable with the fact that the level and bases of taxation could change in the future, that such changes may be applied retrospectively and that the value of any reliefs will depend on my circumstances
- I understand that in redeeming my Plan early I may lose some or all of the money I invest in the Plan and any investment return from the Plan to which I might otherwise have become entitled

- I want an investment where the returns are not linked to the performance of the Indices which may fall as well as rise
- I want my investment to provide income payments rather than potential capital growth
- I am not comfortable with the fact that if an investment return is not triggered and the Final Level of the lower performing Index is below 60% of its Opening Index Level, I will lose some or all of my capital
- I am not comfortable with the fact that the level and bases of taxation could change in the future, that such changes may be applied retrospectively and that the value of any reliefs will depend on my circumstances

- The Plan Manager, or its associated companies, may choose and instruct brokers or dealers (including associated companies) to buy, sell and deal in Securities for your Plan, or the Plan Manager may do so itself as a licensed dealer or broker.

Terms and Conditions - continued

- c. Your Plan will be debited as soon as the Plan Manager buys investments on your behalf. Upon receipt of cleared funds, any money received prior to the Start Date will be held in the Plan Manager's client account. The Plan Manager does not have to account for any interest earned pending settlements, i.e., interest the Plan Manager earns on cash the Plan Manager holds while the Plan Manager is waiting to pay you for Securities the Plan Manager has sold.
- d. The amount(s) the Plan Manager invests in Securities to be held in your Plan will not exceed the amount of cash placed by you under the Plan Manager's control.
- e. The Plan Manager will be acting as your agent in arranging to buy, or sell, these Securities.
- f. The Plan Manager will act as principal in all transactions for Planholders with the Counterparty.
- g. When you invest in the Plan the relevant principal or nominal amount of Securities will be allocated to you by the Plan Manager and will be held by the Plan Manager or its nominee as your agent and you will be the beneficial owner of those Securities allocated to you.
- h. The Plan Manager may combine your order with orders of other clients when processing them. If this results in the Plan Manager concluding a number of transactions at different prices, all clients involved in the transactions will pay or receive the same average price. This could result in a less favourable price than if your transaction was carried out separately. The Plan Manager takes all reasonable steps to obtain the best possible result for its customers. The Plan Manager takes into account many factors, such as price, costs, speed, likelihood of execution and settlement size, in addition to other considerations relevant to the execution of the order, e.g. market impact. However, due to the nature of the Plan, the purchase and sale of Securities will usually be with the Counterparty, who will also be the market maker.
- i. The Plan Manager will accept further dividends and cash payments into your Plan after a Stocks and Shares NISA transfer has been completed, but cannot invest once the Plan has passed the Start Date.
- j. In the case of some Securities, the Plan Manager is required to buy and sell Securities in specific lot sizes or subject to minimum trade volumes. This can mean that in order to fulfil an order in full, Meteor Capital Group Limited may take a small long or short position in a Security. Where Meteor Capital Group Limited holds a short position the total stock of a security

held by Meteor Nominees Limited will be slightly less than total required to cover clients' holdings. Meteor Capital Group Limited posts cash or collateral into Meteor Investment Management Limited's client account to cover the market value of such shortfalls at all times. Such positions are always kept to a minimum and are eliminated as soon as possible.

- k. If, for any reason, the Plan Manager is unable to purchase Securities to fulfil the commitments set out in the Plan brochure, your Subscription will be returned to you, less any fee that may have been paid to your adviser as specified.
- l. In the event of the Counterparty or any issuer or guarantor becoming unable to meet its obligations to repay the amounts due, you may not receive the amounts your Plan has been designed to pay and you could lose some, or all, of your Net Invested Amount plus any income payments to which you would otherwise be entitled.
- m. You, or someone you nominate, can ask to see all entries in the Plan Manager's records relating to your transactions at any time. The Plan Manager will maintain these records for at least six years after the transaction date.

5. Conflicts of Interest

- a. The Plan Manager takes all reasonable steps to identify conflicts of interests between it, including its managers, employees and any person linked directly or indirectly to it, and any of its client, and also between clients.
- b. The Plan Manager's aim is to manage any such conflicts that do arise and ensure that all customers are treated fairly.
- c. The Plan Manager has:
 - Identified instances within its business where such conflicts are likely, or possible;
 - Apportioned responsibility for conflict management to appropriate personnel;
 - Formulated a policy to manage these conflicts;
 - Ensured that all personnel are aware of the Plan Manager's policy on conflicts and are able to identify any potential conflicts and alert senior management accordingly; and
 - Established a procedure for a regular flow of relevant management information for analysis.

The Plan Manager will regularly review the conflict policy to ensure that it is, and remains, suitable and appropriate for its business.

6. Your right to change your mind

- a. You have the right to cancel your Plan within 14 days of receiving the acceptance letter from the Plan Manager and a notice of your right to change your mind.
- b. If the Plan Manager has purchased Securities for your Plan before the Plan Manager receives your completed cancellation request, the amount you will receive may be less than the amount of money you invest, if the price at which the Plan Manager sells the Securities is lower than the price you paid for them.
- c. You will be responsible for reclaiming any refund from your financial adviser for an adviser charge that the Plan Manager has paid on your behalf.

7. Cash held

- a. You may invest into the Plan only in line with the published terms.
- b. All money belonging to clients is held in a designated client account in the name of Meteor Investment Management Limited pending their placement in the investment or following maturity or earlier redemption of the Securities. This ensures that all clients' money is separate from the funds belonging to the Plan Manager.
The Plan Manager does not accept any liability for default by any bank or other financial institution holding funds under these Terms and Conditions. In the event of a default on repayment, any shortfall in clients' monies would be apportioned on a pro-rata basis between all investors in the Plan (or as otherwise required under the Rules).
- c. The Plan Manager will use your Subscription less an adviser fee where applicable as described in Condition 9b to purchase the Securities to be held in the Plan.
- d. At maturity, or earlier redemption of the Securities, the Plan Manager will hold the proceeds in the client account, pending reinvestment of the proceeds in a new Plan with us; or the payment of the proceeds to you, or the transfer of the proceeds to a new NISA Manager.
- e. The Plan Manager will remind you periodically if the Plan Manager holds cash within a Stocks and Shares NISA pending reinvestment. If such cash is held for a long period the HM Revenue and Customs could void the Stocks and Shares NISA status of the investment.

Terms and Conditions - continued

8. The Plan Investments

- a. You will be the beneficial owner of the Securities and of any cash held in the Plan.
- b. The Plan Manager will register the Securities held in your Plan in the name of the Nominees. The Nominees are not authorised under the Financial Services and Markets Act 2000 and the Plan Manager takes responsibility for their acts and omissions. If appropriate, the Securities will be held by our custodian, which is currently The Northern Trust Company. The Plan Manager is not responsible for the acts or omissions of the custodian. If the Plan Manager were to become insolvent, you might encounter delays in recovering the cash value of your Securities, and an increased risk of loss. Any shortfall would be shared by all affected investors in the Plan on a pro-rata basis (or as otherwise required under the Rules).
- c. The Plan Manager will hold, or arrange for the safekeeping of, any certificate or other document issued which shows title to the Securities. The Plan Manager will not lend documents of title to any other person and money may not be borrowed on your behalf against the security of these documents.
- d. Unless you tell the Plan Manager otherwise, the Plan Manager may, if the Regulations allow, make arrangements, when appropriate, to use the voting rights of your Securities.
- e. About a month before the Securities mature or in the event of a potential early maturity, the Plan Manager will contact you to explain the various options available to you at maturity of your Plan.
- f. The Plan Manager may use agents in connection with the services that the Plan Manager provides to you and may delegate any or all of its powers or duties to any delegate(s) of its choice in accordance with the Regulations. This is not a credit check and will leave a different 'footprint' on your electronic record to that left by a credit check.
