Key Risks

Access to capital

- In normal market conditions, it is expected that RBC Capital Markets LLC (the Calculation Agent of the Securities) will provide pricing of the Securities for investors who need access to their capital before the Maturity Date. However, there is no guarantee that the Calculation Agent will provide pricing or that you will be able to redeem any investment before the Maturity Date, as the decision about whether market conditions are normal will be taken by the Calculation Agent (see Liquidity risks).
- If you need to encash the investment before maturity, and the Securities are able to be sold, their value will depend on a number of factors including current market conditions and you may receive significantly less than your Net Subscription. You will also have to pay an administration charge.

Counterparty risk

- The Issuer will be responsible for the payment to the Plan Manager of any return of capital and any investment return due from the Securities.
- It is possible that the Issuer could collapse or fail to make the payments due. If this happened you would lose some, or all, of your original investment, as well as any potential investment return to which you might otherwise have become entitled.
- The actual and perceived ability of the Issuer to meet its obligations may affect the market value of an investment over the term.
- In the event that the Issuer fails to meet its obligations to pay the amounts due from the Securities you will not be entitled to compensation from the Financial Services Compensation Scheme ('FSCS').

Risk to capital and investment return

- This is a capital-at-risk product and you could lose some, or all, of the money you invest in the Plan.
- The capital return is based on the performance of the Index. Should the Final Level of the Index be less than 60% of its Opening Level, you will lose money and the amount you lose will be at least 40% of the amount invested, due to the nature of the capital protection barrier.
- It is possible that you will not receive an investment return.

The risks associated with this Plan are not limited to those listed above, but these are the key risks. Further risks are outlined on pages 17 to 18.

How the Plan works

An investment in the Plan constitutes a contractual arrangement with Meteor Asset Management Limited. We will use your Net Subscription to acquire, on your behalf, financial instruments ('Securities'), which are designed to have the characteristics required to achieve the investment objectives of the Plan.

The potential investment return and return of any capital from the Plan are linked to the performance of the FTSE 100 Index (see pages 11 and 12).

The return of your capital and any investment return is also dependent on the ability of the Counterparty to make the payments due from the Securities (see pages 7 and 8).

The Plan offers the potential for an enhanced return on your investment compared to the actual performance of the Index. Although neither the Plan nor the Securities track the Index directly, its performance will affect the capital and any investment return. You need to understand that this will be impacted by a number of factors.

On any Measurement Date, the Plan may mature early, paying you an investment return and a return of your Net Subscription in full. This is explained on page 9, 'Investment return'.

We have designed the Plan to try to limit the potential for a reduction in your capital should the Index fall. However, risk has not been eliminated and your capital is at risk (see page 19).

If the performance of the Index is such that no investment return is payable, the return of capital at the Maturity Date is based on the performance of the Index. You will lose money if the Final Level of the Index is below 60% of its Opening Level. This is explained on page 10, 'Return of capital'.

The trade-off for the possible enhanced return and limiting the possibility of capital loss is that if the Index were to increase by more than the potential investment return, you would not benefit from any such increase in excess of the investment return provided by the Plan.

In addition, you should also understand that you will not be entitled to receive the dividends that could be available if you had invested directly in the Index.

If the Plan is oversubscribed we may not be able to accept your application, and we will notify you of this.

Factors that could influence the returns payable:

When investing in this Plan you must bear in mind that the risk to your capital and any investment return payable will be affected by a number of factors that shape how investment markets work. These can be wide ranging and include things such as natural disasters and wars through to political uncertainty and general economic changes either here in the UK or on a more global basis.

Below is a list, which is by no means exhaustive, that is designed to provide you with examples of the type of issues that can have a negative effect on investment markets:

- How well, or badly, the UK economy is performing;
- Global economic conditions and how they impact the UK;
- Political instability - which can make markets nervous and share prices fall;
- Impact of natural disasters - the commercial impact of which can be to stop trade and cause share prices to fall;
- War/civil unrest/conflict;
- The supply and price of natural resources.

It is impossible to accurately quantify the effect any of these issues would have, either in isolation or in combination, on your capital and the investment return payable under the Plan.

Is the Plan right for me?

We do not provide financial advice and would strongly recommend that you seek advice before investing, as there are many different types of investment products, including structured products like this Plan, that are designed to meet the investment objectives of investors. To help you consider whether this Plan is appropriate for you, we have set out below the type of investor this Plan was designed for.

This Plan could be appropriate as part of an investment portfolio for investors who:

- have knowledge and experience of equity based investments;
- want to benefit from the performance of the Index;
- are looking for potential growth rather than income;
- are willing and able to invest for a period of up to six years and two weeks;
- understand that the return of capital is based on the performance of the Index;
- are willing and able to bear any loss of capital;
- do not believe the Index is likely to fall below 60% of its Opening Level;
- understand that, due to the nature of the capital protection barrier, in the event of a capital loss occurring the loss will be at least 40% of the Net Subscription;
- understand the effect of macroeconomic policies on global equity markets;
- appreciate that future inflation will reduce the value of any potential growth;
- are prepared to accept the investment risk to their capital in return for a higher potential investment return than would be available via a deposit based investment.

This Plan will not be appropriate for you unless you can answer “yes” to the following:

- I am comfortable with the fact that if an investment return is not triggered and the Final Level of the Index is below 60% of its Opening Level, I will lose at least 40% of the money I invested in the Plan;
- I understand that the investment is designed to mature at the end of the 6 year 2 week term;
- I accept that the Plan may not provide any investment return at all;
- I accept that in the event that the Counterparty defaults on payments due from this investment, I may lose some, or all, of my capital plus any investment return due;
- I understand that there is no guarantee that I would be able to encash during the term of the Plan;
- I understand that I will not have recourse to the FSCS in the event that the Counterparty defaults;
- I understand that if I encash early, it is likely that I will receive less than my Net Subscription.

The information provided on this page is not investment advice or a recommendation. It is designed to provide some guidance as to the possible future risks and rewards of this Plan. We have not taken individual client circumstances into consideration when producing this information and strongly recommend you consult your financial adviser on whether this investment is appropriate for you.

For further information, refer to the ‘Risks’ section on pages 17 and 18 of this Brochure.

Product Analysis and Risk Rating

All investments, including structured products, can carry significant and varied risks. To help evaluate these risks, many techniques have been developed, all of which could produce different conclusions. The most commonly used method in the UK, as prescribed by the European Securities and Markets Authority (ESMA) for risk rating funds, is the Synthetic Risk and Reward Indicator (SRRI).

The SRRI captures how volatile an investment's value is. The more volatile the investment, the greater the uncertainty associated with the investment's returns. Effectively, it considers not only the risk to an investor's capital, but also the risk to any potential investment return.

We have calculated an SRRI equivalent for this Plan, to assist you in the investment decision making process. We have also estimated how we might expect the Plan to perform, both under 'expected

market conditions' and 'adverse market conditions,' over the Plan term. We simulated the performance of the Index under these two conditions based on their performance over the last 5 years. This sampling period is consistent with the official SRRI methodology.

Please note that the information provided here is only a guide based on our current expectations. It should not be considered as a target or guarantee and could change over time.

Expected market conditions, are defined by the performance of the Index in the last 5 years. Assuming these conditions continue, compared to other investment products, we expect the Plan, on average, to have medium levels of risk which are often associated with a medium:

- potential investment return
- likelihood of incurring capital loss
- sensitivity to stock market changes
- level of uncertainty in the returns

Adverse market conditions, also known as stress test conditions, are defined by when our benchmark, the FTSE 100 Total Return Index, was simulated to have produced a loss. We evaluated the performance of the Plan based on these simulations only. Based on these circumstances, we expect this Plan, on average, to:

- have a moderate probability of protecting against capital loss
- perform marginally better than the benchmark
- be more volatile than the benchmark

Based on our calculations, we expect there to be a medium level of uncertainty in the returns payable under this Plan. A medium level of risk is associated with a Risk Rating of 5.

The rating above was calculated to provide you with an indication of the potential risk level you would assume by investing in this Plan. There is a significant chance, however, that this may not be a reliable indication of the future risk level of this Plan.

Important information:

- The liquidity risks shown on page 18 are not captured by the Risk Rating.
- The counterparty risks shown on page 2 are not captured by the Risk Rating.
- The Risk Rating is calculated by simulating potential outcomes for the underlying Index. This method may not be a reliable indicator of potential future performance.
- The Risk Rating is not a target or guarantee and may change over time depending on how market conditions change.
- The Risk Rating is not an indication of the limit of the amount of risk in the investment and has the potential to be greater.
- The lowest Risk Rating does not mean a risk-free investment and it should be remembered that no investment can be definitively risk-free.
- Classification differences are not equally weighted. Risk Rating 2 for example, does not mean twice as risky as Risk Rating 1.

Selection of a counterparty

One of the factors you may wish to take into account when selecting a counterparty is its long term credit ratings. These are the opinions of a range of credit rating agencies regarding the long term security of the Counterparty.

A high rating from one or more of the credit rating agencies is not a guarantee that the Issuer will meet its obligation to pay the amount due from the Plan.

Fitch, Moody's and Standard & Poor's are independent ratings agencies that research and grade the ability of financial and other institutions to make the payments due from the Securities issued and/or guaranteed by them.

By way of example, Standard & Poor's highest possible rating is AAA, followed by AA and A. These three ratings along with their BBB rating are generally regarded as investment grade (i.e. of higher quality). All of these ratings, except the AAA rating, can also be

modified by a plus or a minus to give a counterparty's relative status within the grade; for example, A+, A, A- for the A rating. Ratings from BB downwards are provided in respect of other securities.

A rating outlook assesses the potential direction of a long-term credit rating view over the intermediate term. The term considered varies between credit rating agencies; Fitch looks at a 12 to 24 month period, Standard & Poor's a 6 to 24 month period, while Moody's says its outlooks are 'over the medium term'. In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future creditwatch action.

- Positive means that a rating may be raised.
- Negative means that a rating may be lowered.

- Stable means that a rating is not likely to change.
- Under review, either positive or negative means a rating may be raised or lowered in the short term.

All references to the credit rating are correct as at the date of this Brochure. Credit ratings are subject to change during the offer period and during the term of the Plan.

Ongoing information about the ratings of the Counterparty is available on the Meteor website and we will, where appropriate, include information relating to credit ratings in your periodic valuation statements.

Please refer to your financial adviser if you have any queries regarding credit ratings.

Investment return

How the investment return is calculated

The investment return from the Plan is linked to the performance of the Index. The Opening Level of the Index will be its closing level on 22 December 2015.

We will compare the Opening Level with the closing level of the Index on each Measurement Date.

If, on any Measurement Date before the Final Measurement Date, the closing level of the Index is at least equal to its Opening Level, the Plan will kick out, i.e. mature early, and provide an investment return.

The first Measurement Date will be on 24 December 2018, 3 years after the Start Date. If an early maturity is not triggered on a Measurement Date, the Plan will remain in force until at least the next Measurement Date.

In the event an early maturity is triggered, the investment return payable will be 8% for each year the Plan has been in force.

If the Plan has not matured early and the closing level of the Index on the Final Measurement Date (the “Final Level”) is at least equal to its Opening Level, the Plan will provide an investment return at the Maturity Date equal to 48% of the money you invest.

If the Final Level of the Index is below its Opening Level, no investment return will be payable from the Plan.

Return of capital

How capital return is calculated

The return of your Net Subscription at the Maturity Date will be based on the performance of the Index and your Net Subscription is not guaranteed to be returned in full.

You will lose money if the Final Level of the Index is below 60% of its Opening Level. The Final Level will be measured on 22 December 2021.

The amount of your money that you would lose will be the percentage by which the Final Level of the Index is below its Opening Level. In extreme circumstances you could lose all of your money.

Due to the nature of the capital protection barrier, in cases of a capital loss, the capital loss would be at least 40% of the money you invested and you could lose all of your money. The actual amount you would lose will depend on how prevailing market conditions have affected the level of the Index.

For example, if your Net Subscription is £10,000 and the Final Level of the Index is 70% below its Opening Level, you will receive only £3,000 of the money you invest.

If the Final Level of the Index is at least equal to 60% of its Opening Level, you will receive a full return of your Net Subscription.

The table below gives examples of the return of capital at maturity based on a range of movements in the Index.

The table does not give predictions of what we believe you might receive. It is designed to illustrate how the return of the money you invest in the Plan is calculated. You should be aware that you could lose all of your Net Subscription.

Net Subscription	Final Level of the Index relative to the Opening Level					
	-20%	-40%	-45%	-55%	-80%	-100%
£10,000	£10,000	£10,000	£5,500	£4,500	£2,000	£0
£15,000	£15,000	£15,000	£8,250	£6,750	£3,000	£0
£20,000	£20,000	£20,000	£11,000	£9,000	£4,000	£0
£25,000	£25,000	£25,000	£13,750	£11,250	£5,000	£0
£50,000	£50,000	£50,000	£27,500	£22,500	£10,000	£0

The Index

There are now many indices established by different organisations, all of which are designed to convey to the world how different markets are performing. The returns under this Plan are dependent on the performance of the Index, this being the FTSE 100 Index.

The **FTSE 100 Index** is made up of the top 100 UK listed companies by market capitalisation that operate across the whole marketplace including banking, oils, pharmaceuticals, mining, and retail and include companies such as BP, Tesco and Sky.

You will not be entitled to receive dividends that could normally be available from an investment in the Index, as you are not investing directly in the shares of any listed company.

It is important to remember that the value of stock market investments, such as shares, and indices, can and do fall, as well as rise. This can be clearly seen in the graph opposite. To help put these fluctuations in context, we have highlighted some global events that caused changes to the Index.

The graph shows the movements of the Index since 1984, the earliest date where data for the Index was available. You must remember that past performance should not be used as an indicator of future results. The results shown might have been achieved during investment conditions that are highly unlikely to be repeated.

At the date of this Brochure, the level of the FTSE 100 Index was around 6200. If the Index maintained this level at the Start Date, the Final Level of the Index would need to be lower than 3720 to trigger a capital loss at maturity.

At the Start Date, the level of the Index will have changed and could be higher or lower than these indications and consequently, the level at which capital loss would be triggered will also change. We will inform you of the Opening Level of the Index and the level to which the Index will have to fall to cause a loss when we confirm the purchase of the Securities, shortly after the Start Date.

Business Disruption, Market Disruption and Adjustment Events

A number of events relating to the Index, such as market disruption events, disruption, modification or cancellation of the relevant Index, or change in laws or regulations, give the Calculation Agent, at its sole and absolute discretion and in good faith, the right to determine whether any adjustment to the Terms and Conditions of the Plan is required. Any such adjustment may affect the amount of investment returns payable from the Plan. These adjustments may include, but are not limited to: adjustments to the Opening Level and/or Final Level, postponing the dates on which the Opening Level and Final Level are observed, substitution of the relevant Index, and early termination of the Plan.

As soon as practical, the Plan Manager will advise you of any adjustment to be made to the Terms and Conditions of the Plan.

Past performance is not a reliable indicator of future performance and should not be used to assess the future returns or risks associated with this Plan.

Taxation

The information contained in this Brochure is based on our understanding of rates of tax, current legislation, regulations and practice, which are likely to change in the future and may be applied retrospectively.

This is a general guide only. The information relates solely to United Kingdom taxation and is expected to apply to you if you are a UK tax resident investor who is the beneficial owner of your investment in this Plan. The statements are not exhaustive and do not constitute tax advice.

It is important that you consult your tax advisers concerning possible taxation and other consequences of making an investment in the Plan.

Any gains made from the investment by SIPPs, SSASs and other pension arrangement will usually be free of tax.

If you invest within an ISA, the returns will be tax free.

When you invest individually, jointly or via a trust, the returns under current legislation, will be subject to Capital Gains Tax (CGT).

The values of any tax reliefs will depend on your individual circumstances and could change at any time and be applied retrospectively.

All individuals have an annual CGT exemption allowance (trusts are entitled to 50% of this allowance). This means that if liable to CGT the total gains in the tax year in which the Plan matures will be added to any other gains in that tax year. Provided that the total of these gains is below the exemption level in the tax year of maturity, they will be free of CGT.

The rate at which capital gains are taxed depends on your individual circumstances. CGT is currently payable at 18% for UK tax payers taxed at the basic rate of Income Tax. This rises to 28% for higher rate tax payers, trusts and personal representatives. However, only gains in excess of the annual exempt amount are subject to the tax.

The taxation of any gains on investments in the Plan made by companies, partnerships or other businesses will depend on the tax position of the organisation.

Further information about tax in the UK is available from HMRC website www.hmrc.gov.uk.

Anti-money laundering regulations

Your financial adviser has to verify your identity for the purpose of anti-money laundering regulations and will probably have asked you for documentary evidence in order to fulfil this requirement. We are able to accept the verification provided

by your financial adviser but we reserve the right to request additional information and/or documentation to satisfy our own anti-money laundering procedures.

We will also carry out an electronic data check to verify your identity.

The check will be carried out using a reliable and reputable electronic database agency. This is not a credit check and will leave a different 'footprint' on your electronic record to that left by a credit check.

Investing

Before you decide to invest you should have read this Brochure, including the Terms and Conditions, making sure that you understand the nature of the investment. The section 'Before you decide' (on page 22) will act as a helpful reminder of the questions you should ask yourself.

You can place an order for a plan either online or by completing and submitting a paper based application form. Please note there will be an initial charge of 0.25% for paper-based applications that request ongoing paper-based correspondence, including valuation statements sent to you by post.

Please take care to complete the Adviser Charging section of your application

form as we will use this information as the basis of any payments we make to your adviser on your behalf. You may amend or cancel this instruction in writing at any time (see page 20).

ISA transfer applications must be received by us by the 'ISA transfer application' date to allow us sufficient time to instruct the current ISA Manager and for them to complete the transfer of funds to us.

If you are sending funds via bank transfer (BACS or CHAPS) please check with your bank to confirm whether its payment system transfers funds instantly or whether there is a clearing period, which can be up to three working days, before cleared funds will be received in the Meteor client account.

Application forms accompanied with a cheque must be received by us by the 'Application with cheques' date, to allow sufficient time for the cheque to clear. Cheques should be for the full amount you want to invest, plus any adviser charge you wish us to make on your behalf, and be made payable to 'Meteor Investment Management Limited Client Account'. If you are sending in a building society, company or scheme cheque please make sure that it has your name in brackets after the wording above.

Your completed application form and cheque should be sent to your financial adviser or directly to us at 55 King William Street, London, EC4R 9AD.

We will acknowledge receipt of your application within 5 business days.

We do not offer financial advice or guidance on tax issues. However, we believe that it is important to seek such advice before you invest, to ensure that you choose an investment, which is appropriate for you.

This Plan may be held:

By individuals

As an individual, jointly, or on behalf of a child under the age of 18.

By pension arrangements

The trustees, subject to the terms of your scheme, can hold plans as a permitted investment within any type of pension arrangement, including a SIPP and a SSAS.

By trustees/companies/partnerships

This Plan may be held by trustees, companies or partnerships, subject to relevant articles of association permitting such an investment.

As Individual Savings Accounts (ISAs) and ISA transfers

Individual Savings Accounts (ISAs) were launched in the UK in 1999 to encourage people to save. They allow

you to save and invest without paying any tax on returns you make from your investment in the Plan. Because of the tax advantages there is a limit on the amount that you can subscribe to ISAs in any one tax year. The subscription limit for the 2015/2016 tax year is £15,240.

There are two types of ISA – a cash ISA and a stocks and shares ISA. In a tax year, you may invest in either type of ISA or a combination of both as long as the overall subscription limit for the year is not exceeded. However, you may not subscribe to more than one cash ISA and/or more than one stocks and shares ISA in the same year.

You are also able to invest in an ISA by transferring the value of a present ISA or ISAs to a new ISA manager. The ISA which receives the transfer does

not have to be the same type of ISA – cash or stocks and shares ISA – as the transferring ISA. The minimum value for ISA transfers to this Plan is £5,000, with no maximum limit.

It is possible for the spouse or civil partner of a person who has died whilst holding an investment in an ISA or ISAs to make additional ISA subscriptions over the annual subscription limit. Please refer to "What happens to the Plan if I die?" on page 21 for further details.

The minimum value for cash ISA transfers is £5,000, with no maximum limit.

The Plan is available to residents of the United Kingdom only.

If you become a resident of the United States, please inform us.

Statements and communications

We are happy to communicate with investors in the way that best suits their requirements, so you have the option of receiving communications from us online, or in paper format.

You have the choice of applying for a plan online, or by sending in paper applications. Where you open an account online, we will send all regular communications to you by email, so please remember to tell us if you change your email address.

If you complete a paper application you will still have the option of receiving future communications online, by ticking the appropriate box on the Application Form.

You can change the mode of receiving communications by notifying us. As this would be a fundamental change to the way we deal with you, we would require a letter signed by all investors to make the change.

In all cases we will send you confirmation that your Account has been opened by letter and, where we have your email address, by email. Your Account will allow you to hold all the Plans you apply for in one place.

One of the key benefits of this is the ability for investors to access and review their investments online at anytime and we hope that all investors utilise the functionality of the website.

Our online Account Enquiry System allows you to view your investments at any time, and to collate information tailored to your own needs.

You can also:

The following table sets out administration charges over the full term of the Plan. Where a percentage is indicated, this will be a percentage of the money you invest in the Plan.

We do not apply any charges on maturity and there are no annual management charges. These are current charges and may increase in the future.

Any such increase will be limited to the rise in the Retail Price Index in the period since the Start Date.

Compensation arrangements

If the Counterparty fails to meet its obligations to pay to us the amount due from the Securities and you lose the money you invest in the Plan, or any investment return to which you would otherwise have become entitled, you will not, for this reason alone, be entitled to compensation from the FSCS.

Meteor Asset Management Limited and Meteor Investment Management Limited are covered by the FSCS. Therefore, you may be entitled to compensation from the FSCS in the event that we are declared to be 'in default' and you have suffered a loss as a result of Meteor's actions or negligence. In this event, the compensation limit is currently £50,000 per person. If the level of your claim against us is greater than £50,000 you would not be covered for the excess.

We currently use a range of banks to hold Client Money. You may be eligible to make a claim if any of the banks we use, or may use in the future, become insolvent whilst holding your money, prior to the purchase of the Securities or pending payment to you of the amounts received at the maturity or earlier redemption of the Securities.

In this event, the compensation limit is currently £85,000 per person and this applies to all deposits you hold with the insolvent bank and any other member of its group. You would not be covered for any excess amount over the compensation limit. This limit will reduce to £75,000 from 1 January 2016.

For large companies and small local authorities, the compensation limit is £75,000.

A further review of the limit is currently due in 2020, at which time the £75,000 limit may be decreased or increased.

Many banking groups use several brands, which means the total investments you hold within a group will count towards one compensation limit. You can look up details of banking and savings groups on the FCA website: <http://www.fca.org.uk/consumers/complaints-and-compensation/how-to-claim-compensation/banking-and-saving/banking-and-savings-brands>

Risks

In addition to the key risks set out on page 2, there are a number of other risks associated with this investment that you should understand.

Cancellation risks

- If you change your mind about investing after the Securities have been purchased, you will only get back the value of the Securities when they are sold, which will be less than your original investment.
- If we pay an adviser charge to your financial adviser on your behalf and you subsequently change your mind about investing, you will be responsible for obtaining any refund which may be due to you from your adviser.

Concentration risk

- The Plan should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the money you have available for investment into any one plan, to avoid over exposure to a counterparty or plan type.

Inflation risk

- Any inflation will reduce the real value of your investment over time.

Investment risks

- Should the Index increase by more than the returns provided by the Plan, you would not receive the benefit of any additional investment return above that provided by the Plan.

- If the Plan is oversubscribed, the purchase might not be completed for you. As we near capacity we will flag this on our website at www.meteoram.com.

- The Securities are linked to Preference Shares issued by RBC GELP (UK) Limited. There is a risk that events occurring in relation to the Preference Shares may affect the value of the Securities, or trigger early redemption of the Securities, which therefore may affect returns under the Plan.

- The value of the Securities that back your Plan may vary significantly throughout the life of the investment. Whether you decide to sell a security at its prevailing value during its life, or whether you wait until maturity, you could receive back significantly less than you invested.

- The value of the Securities that back your Plan will be initially impacted by any charges or costs that were built into it. Subsequently, factors such as, but not limited to, movements in interest rates, the performance of the Index, and the creditworthiness of the Counterparty will all affect the price of a security.

- The Opening Level of the Index applies on the Start Date of the Plan and not the date on which you apply for the Securities. The levels may vary significantly between these dates.

- When the Plan matures you might not be able to reinvest the proceeds to achieve the same, or similar, level of investment return.

ISA transfer risks

- If you wish to transfer an existing ISA this must be done in cash, which means your existing ISA manager will sell your investment. Your existing ISA manager may also charge you an exit or transfer fee.
- You could lose some interest if you transfer a cash ISA and decide not to wait for the expiry of any notice period.
- If you transfer a stocks and shares ISA there is the potential for loss of investment growth if markets should rise while your transfer remains pending.
- We have a deadline for receipt of ISA transfer applications, to allow time for us to receive the proceeds from your existing ISA Manager. However, if they do not send us the funds you have requested before the Start Date we will not be able to purchase the Securities on your behalf.
- If you have elected to pay an adviser charge and have asked us to pay that fee to your adviser on your behalf this could reduce the amount invested with the tax advantages of an ISA.

Risks – continued

Liquidity risks

- You should have other savings that you can access immediately to meet any emergency cash needs.
- The terms of the investment may permit the Counterparty to delay, reduce or withhold payments. These provisions are not intended to circumvent what is legally due to you but are intended to cover unforeseen events which affect your return from the Plan, for example, a suspension or delay in receiving prices.
- The Issuer intends to make a market in the Securities on a regular basis under normal market conditions, but the Issuer does not commit and is under no obligation to make any market in the Securities.

Market risk

- External factors could affect national economies, regions or an asset class and cause a fall in value of the Securities held in your account or in extreme cases, the collapse of the Counterparty. Please see page 3 for further information on which factors could influence the returns payable under the Plan.

- In the event that a Business Disruption, Market Disruption or Adjustment Event occurs (see page 11), the Securities may be subject to such changes as determined by the Counterparty and Meteor or terminated by the Counterparty, and in either such case the investment return applicable to such Security may be varied by the Counterparty, in its discretion.

Pricing risk

- The Counterparty may not be able to quote regular prices making it difficult to value your investment and delaying any early encashment request you may make.

Product risk

- The design of the Plan could produce a return that is lower than a direct investment in the Index or may produce no return at all.

Tax risks

- Before investing in this Plan you should conduct independent investigation and analysis regarding the tax treatment of the investment to evaluate the merits and risks of the Plan. Tax risks include, without limitation, a change in any applicable law, treaty, rule or regulation or the interpretation thereof by any relevant authority which may adversely affect payments in respect of the investment.
- The values of any tax reliefs will depend on your individual circumstances and could change at any time and be applied retrospectively.
- You should note that the levels and bases of taxation could change in the future and these changes may be applied retrospectively.
- You should carefully review the investment in light of your personal circumstances and consider consulting your tax adviser.
- Re-registration of this investment to a new holder may alter the tax implications indicated on page 13.

Capital-at-risk products

The following section explains a range of products that put your capital at risk. As such products could cause you to lose some or all of your money, it is important that you understand and accept these risks and the possible consequences when you choose any capital-at-risk product.

What are capital-at-risk products?

They are investments from banking, insurance or investment management firms that can offer attractive returns. Capital-at-risk products usually invest in a variety of stockmarket investments, such as shares or debt securities.

Products that put your capital at risk include:

- stockmarket based investments;
- investment bonds and funds that invest in debt securities;
- investments linked to the performance of a stockmarket or some other factor such as a collection of shares;

As an alternative, you could invest directly in:

- shares, and so benefit from any dividends paid;
- debt securities, for which you get fixed or variable interest.

The value of direct holdings in shares and other securities can change sharply, down as well as up. Depending on its particular terms and conditions, the value of an investment linked directly or indirectly to a stockmarket may have lesser, similar or greater risk.

Stockmarket-based investments

A wide range of such investments are available. These include investment trusts and collective investment schemes, such as open-ended investment companies (OEICs) and unit trusts. The performance of the investments depends on the investment

strategy adopted and general stockmarket conditions. The value of stockmarket-based investments can alter sharply because they are linked to the performance of the underlying shares or bonds.

Investment bonds and funds that invest in debt securities

These vary widely and include distribution bonds, with-profits bonds, unit-linked bonds and corporate bond funds. The money you invest is usually put directly into a stockmarket or into fixed or variable interest funds.

Investments linked to an index or other factor

Repayment of the capital is linked to the performance of an index, a combination of indices or some other factor, such as the performance of a collection of shares. Such investments are called 'structured capital-at-risk products'. Some offer a specified level of income over a fixed period while others offer growth that depends on the performance of an index or other factor. These products, and the risks involved, can vary widely.

What are the main risks involved with capital-at-risk products?

- Your capital can fall below the amount you put in.
- The rate of return advertised might be achieved only after a set period; you may not know until that date how well your investment has performed.

- The rate of return you get may depend on specific conditions being met. Even professionals may not be able to judge accurately how likely that will be.
- If you take your money out early, you may get back less than you put in.

What is the difference between a capital-at-risk product and a savings account?

When you put your money in a Bank or Building Society savings account, its original value doesn't change and you receive interest. The return will be comparatively low, because you haven't risked your capital. With capital-at-risk products you may get higher returns, but you are putting your capital at risk and may end up with less than you put in.

Will I get the advertised rate of return?

This depends on the terms and conditions under which you have invested. Often, the advertised rate illustrates what is possible and is no more certain than that.

Frequently asked questions

What is my commitment?

To understand the potential benefits and risks associated with this Plan.

Should I see a financial adviser?

We believe that it is important that you make sure that the Plan is appropriate for you. We do recommend that you talk to a financial adviser before deciding whether to invest in this particular Plan and to a specialist tax adviser if you require advice on tax.

You can access details of your investment, including transaction details and valuation, by logging on to the client section of our website www.meteoram.com using your individual username and password which we will provide once your Account is set up.

Can I change my mind about investing?

Yes, you can. When we acknowledge your application we will send you a 'Notice of Your Right to Change your Mind'. You have 14 days from the day you receive this to send it back to us. However, if you choose to withdraw your investment after the Securities have been purchased, you will get back less than you invested. If we pay an adviser charge to your financial adviser on your behalf and you subsequently change your mind about investing, you will be responsible for obtaining any refund which may be due to you from your adviser.

What happens if a plan is oversubscribed or does not proceed?

If your money cannot be invested into the Plan for either of these reasons, we will notify you of this.

Can I encash/transfer a plan before maturity?

In normal market conditions you can, although when your Securities are sold the price is likely to be less than the price you initially paid. You will also be charged an administration fee for early encashment or a transfer fee as applicable.

Making a complaint does not prejudice your right to take legal action.

- Full details of our complaint procedure are available upon request.
- We would draw your attention to the fact that the value of investments can shift unpredictably, and can fall as well as rise and that such a fall is not, in itself, usually a valid reason for complaint. How are adviser charges managed?

- If you ask us, we will make the payment of an adviser charge due to your adviser.
- An adviser charge will be paid by deducting the amount you have agreed with your adviser from the amount you have sent us for investment. You should note that this will reduce your investment amount.
- We will confirm to you the amount of the charge you have asked us to deal with.

What happens to my money:

Before the Plan Manager purchases the Securities for my Plan?

- Cleared funds received during the offer period will be held until the purchase date in the client account of Meteor Investment Management Limited and your money never forms part of our assets. Meteor Investment Management Limited was established and authorised

Frequently asked questions - continued

specifically to administer our plans and to provide safe keeping of client assets. No interest will be accrued to the Start Date of the Plan.

- Any adviser charge you have asked us to pay to your adviser, will be deducted from the money you have paid to us once it has cleared and paid to your adviser.

After the Plan Manager has purchased the Securities?

- The money that you invest will be used to buy the Securities that are designed to provide the capital and investment returns explained in this Brochure.
- The terms of the Securities are fixed at outset so there is no ongoing investment management.
- The Securities will be held in the name of 'Meteor Nominees Limited' and will be held by our Custodian, which is currently The Northern Trust Company. You will remain the beneficial owner of the Securities purchased on your behalf.

When the Securities have matured?

- Once we receive your maturity proceeds from the Issuer we will credit the funds into your Account; This will be held as Client Money and no interest will be paid on this amount.
- The maturity value will be available within 10 Business Days of a Measurement Date in the event of an early maturity, or on the Maturity Date, if the Plan runs for the full term.
- However, we will not make any payment until we have received your written instruction and will therefore continue to hold your money until you advise us whether you wish to take the cash value or reinvest.

What happens to my ISA transfer if a plan is oversubscribed or does not proceed?

For ISA transfers, we will endeavour to return the cash to your previous ISA Manager. Alternatively, we will await your written instruction to either invest in a different Meteor plan or transfer to another ISA Manager, if possible.

How will you keep me informed?

- We will write to you to acknowledge your application within five working days. With this letter we will send you a summary of your investment and a notice of cancellation.
- Shortly after the Start Date of the Plan we will send you details of your investment. We will send you a half yearly statement as at 5 April and 5 October showing the current position of your Plan and any other plans held in your Account.
- About three weeks before maturity we will write to you via your adviser to provide full details of the position so that your adviser can discuss this with you. We will also alert you to an impending maturity. If you do not have an adviser we will provide the information directly to you.
- You can access details of your investment, including transaction details and valuation, by logging on to the client section of the Meteor website www.meteoram.com using your individual username and password which we will provide once your Account is set up.

What happens to the Plan if I die?

- We will require a death certificate and any supporting documentation so that we can administer your

investments, in accordance with instruction by your personal representatives. We will provide valuations of the Plan held as at the date of death and will outline the options available, which will include re-registering the Plan to a new owner so that it can be held until maturity.

- Where a plan is held jointly by two or more holders, the investment will be the joint property of all the holders and, following proof of death of the relevant holder, all instructions must be authorised by all the remaining joint holders.
- If the Plan has been established as an ISA, it will cease to be tax exempt from the date of death.
- If your Plan is an ISA and you die leaving a surviving spouse or civil partner, they may be able to make a subscription to an ISA based on the value of your ISA at the date of your death. Such a subscription would not count towards the ISA subscription limit in the year that it is paid. The facility is subject to certain eligibility criteria and any subscription must be made within certain time limits. In the event of this circumstance, we will write to your personal representatives with full details of the eligibility criteria, how much can be subscribed, how the subscription can be made and any time limits that apply.

How can I obtain a copy of the Prospectus relating to the Securities?

- You can obtain a copy of the Base Prospectus relating to the Securities and any further information about the investment product on request from Meteor or by visiting our website at www.meteoram.com.

Terms and Conditions

These are Meteor Asset Management Limited's standard Terms and Conditions on which we intend to rely. For your own benefit and protection, please read this document carefully. It contains important information about your rights and obligations as well as limitations and exclusions that may apply to you. If there is anything that you do not understand please contact your financial adviser.

The headings in these Terms are for convenience only and do not limit their scope. Your acceptance of these Terms is signified by you signing the Declaration on the Application Form.

1. Your Application

- a. The Plan Manager may accept a fully and correctly completed Application Form and Subscriptions from you under these Terms and Conditions. The Plan Manager has the right to reject an application for any reason.
- b. By signing the Declaration on the Application Form, you confirm that the information you have provided is accurate and complete.
- c. By completing the Application Form, you instruct the Plan Manager to choose and buy Securities that have been designed to provide the benefits of the Plan as described in this Brochure.

- d. You must invest in a stocks and shares ISA with your own cash or by transferring cash from an existing cash ISA or stocks and shares ISA. The Plan Manager will usually arrange transfers of stocks and shares ISAs with the transferring ISA manager.

These Terms and Conditions will apply to your ISA transfer as soon as the Plan Manager has received the cash.

- e. The Plan Manager will notify you if by reason of any failure to satisfy the provisions of the Regulations, a stocks and shares ISA has, or will, become void.
- f. If the Plan Manager has to cancel or void your stocks and shares ISA under the Regulations, you authorise the Plan Manager to hold your Securities outside the stocks and shares ISA as a Direct Investment. In this case the Terms and Conditions will continue to apply to your investment as a Direct Investment. If the Plan Manager has to void your stocks and shares ISA because you are not eligible to hold it the Plan Manager has the right to deduct any costs or expenses it has incurred.

2. Client Categorisation

- a. The Plan Manager categorises all clients dependent on their knowledge and experience, to ensure that they receive the appropriate level of regulatory protection.
- b. Except where otherwise notified to you in writing, the Plan Manager shall treat you as a retail client, for the purposes of the Rules to provide the highest level of regulatory protection.
- c. Clients who could fall outside of this categorisation are other regulated entities, such as insurance companies, investment firms, large occupational pension schemes, listed companies and local or public authorities. Such entities could be

categorised as either professional clients or eligible counterparties.

- d. Investors whom the Plan Manager categorises as professional clients or eligible counterparties have the right to request a different categorisation to give a higher degree of protection.

3. How the Plan Manager deals with Securities

- a. The Plan Manager will be responsible for buying and selling all Securities and will carry out transactions on terms that are at least as favourable as those that the Plan Manager can set when dealing directly with the Issuer, who will also be the market maker.
- b. The Plan Manager, or its associated companies, may choose and instruct brokers or dealers (including associated companies) to buy, sell and deal in Securities for your Plan, or the Plan Manager may do so itself as a licensed dealer or broker.
- c. Your Plan will be debited as soon as the Plan Manager buys investments on your behalf. Upon receipt of cleared funds, any money received prior to the Start Date will be held in the Plan Manager's Client Account. The Plan Manager does not have to account for any interest earned pending settlements, i.e., interest the Plan Manager earns on cash held while the Plan Manager is waiting to pay you for Securities sold.
- d. The amount(s) the Plan Manager invests in Securities to be held in your Plan will not exceed the amount of cash placed by you under the Plan Manager's control.
- e. The Plan Manager will be acting as your agent in arranging to buy, or sell, these Securities.
- f. The Plan Manager will act as principal in all transactions for Plan holders with the Counterparty.
- g. When you invest in the Plan the relevant principal or nominal amount of Securities will be allocated to you by the Plan Manager and will be held by the Plan Manager or its nominee as your agent and you will be the beneficial owner of those Securities allocated to you.
- h. The Plan Manager may combine your order with orders of other clients when processing them. If this results in the Plan Manager concluding a number of transactions at different prices, all clients involved in the transactions will pay or receive the same average price. This could

result in a less favourable price than if your transaction was carried out separately.

The Plan Manager takes all reasonable steps to obtain the best possible result for its customers. The Plan Manager takes into account many factors, such as price, costs, speed, likelihood of execution and settlement size, in addition to other considerations relevant to the execution of the order, e.g. market impact. However, due to the nature of the Plan, the purchase and sale of Securities will usually be with the Issuer.

- i. The Plan Manager will accept further dividends and cash payments into your Plan after an ISA transfer has been completed, but cannot invest once the Plan has passed the Start Date.
 - j. In the case of some Securities, the Plan Manager is required to buy and sell Securities in specific lot sizes or subject to minimum trade volumes. This can mean that, when fulfilling an order, Meteor Capital Group Limited may take a small long or small short position in a Security. Where Meteor Capital Group Limited holds a short position, the total stock of a security held by Meteor Nominees Limited will be slightly less than total required to cover clients' holdings. Meteor Capital Group Limited posts cash or collateral into Meteor Investment Management Limited's Client Account to cover the market value of such shortfalls at all times. Such positions are always kept to a minimum and are eliminated as soon as possible.
 - k. If, for any reason, the Plan Manager is unable to purchase Securities to fulfil the commitments set out in the Brochure, your Net Subscription will be returned to you.
 - l. In the event of the Counterparty or the Issuer becoming unable to meet its obligations to repay the amounts due, you may not receive the amounts your Plan has been designed to pay and you could lose some, or all, of your Net Subscription plus any investment return to which you would otherwise be entitled.
 - m. You, or someone you nominate, can ask to see all entries in the Plan Manager's records relating to your transactions at any time. The Plan Manager will maintain these records for at least six years after the transaction date.
- ## 4. Conflicts of Interest
- a. We take all reasonable steps to identify conflicts of interests between it, including its managers, employees and any person

Terms and Conditions - continued

linked directly or indirectly to them, and any of their clients, and also between clients.

- b. Our aim is to manage any such conflicts that do arise and ensure that all customers are treated fairly.
- c. The Plan Manager has:
 - identified instances within its business where such conflicts are likely, or possible;
 - apportioned responsibility for conflict management to appropriate personnel;
 - formulated a policy to manage these conflicts;
 - ensured that all personnel are aware of the Plan Manager's policy on conflicts and are able to identify any potential conflicts and alert senior management accordingly; and
 - established a procedure for a regular flow of relevant management information for analysis.

The Plan Manager will regularly review the conflict policy to ensure that it is, and remains, suitable and appropriate for its business.

5. Your right to change your mind

- a. You have the right to cancel your Plan within 14 days of receiving the acceptance letter from the Plan Manager and a Notice of Your Right to Change Your Mind.
- b. If the Plan Manager has purchased Securities for your Plan before the Plan Manager receives your completed cancellation request, the amount you will receive may be less than the amount of money you invest, if the price at which the Plan Manager sells the Securities is lower than the price you paid for them.
- c. You will be responsible for reclaiming any refund from your financial adviser for an adviser charge that the Plan Manager has paid on your behalf.

6. Cash held

- a. You may invest into the Plan only in line with the published terms.
- b. All money belonging to clients is held in a designated Client Account in the name of Meteor Investment Management Limited, pending their placement in the investment or following maturity or earlier redemption of the Securities. This ensures that all clients' money is separate from the funds belonging to the Plan Manager.

The Plan Manager does not accept any liability for default by any bank or other financial institution holding funds under these Terms and Conditions. In the event of a default on repayment, any shortfall in clients' monies would be apportioned on a pro-rata basis between all investors in the Plan (or as otherwise required

under the Rules).

- c. The Plan Manager will use your Net Subscription to purchase the Securities to be held in the Plan.
- d. At maturity, or earlier redemption of the Securities, the Plan Manager will hold the proceeds in the Client Account, pending reinvestment of the proceeds in a new Plan with us, or the payment of the proceeds to you, or the transfer of the proceeds to a new ISA manager.

7. The Plan Investments

- a. You will be the beneficial owner of the Securities and of any cash held in the Plan.
- b. The Plan Manager will register the Securities held in your Plan in the name of the Nominee. The Nominee are not authorised under the Financial Services and Markets Act 2000 and the Plan Manager takes responsibility for their acts and omissions. If appropriate, the Securities will be held by our custodian, which is currently The Northern Trust Company. The Plan Manager is not responsible for the acts or omissions of the custodian. If the Plan Manager were to become insolvent, you might encounter delays in recovering the cash value of your Securities, and an increased risk of loss. Any shortfall would be shared by all affected investors in the Plan on a pro-rata basis (or as otherwise required under the Rules).
- c. The Plan Manager will hold, or arrange for the safekeeping of, any certificate or other document issued which shows title to the Securities. The Plan Manager will not lend documents of title to any other person and money may not be borrowed on your behalf against the security of these documents.
- d. Unless you tell the Plan Manager otherwise, the Plan Manager may, if the Regulations allow, make arrangements, when appropriate, to use the voting rights of your Securities.
- e. About a month before the Securities mature or in the event of a potential early maturity, the Plan Manager will contact you to explain the various options available to you at maturity of your Plan.
- f. The Plan Manager may use agents in connection with the services that the Plan Manager provides to you, and may delegate any or all of its powers or duties to any delegate(s) of its choice, in accordance with the Regulations. The Plan Manager will satisfy itself that any person to whom the Plan Manager delegates any of its functions or responsibilities is competent to carry out those functions and responsibilities.
- g. The Securities are structured so that the amount you are due to receive from your Plan at maturity is in accordance with the Plan Objective.

8. Charges

- a. The terms on which the Plan Manager will purchase Securities for you will reflect certain charges, fees and expenses. The total charges will be up to 2.5%. This will not affect the calculation of returns described in the Brochure.
- b. If you decide to pay any financial adviser charge, you may instruct the Plan Manager to deduct and pay such charge from your Subscription. In all cases the level of such charge must be agreed by you with your financial adviser.

Any charge will be based on either an agreed percentage of the amount to be invested or an agreed cash amount in relation to the Plan. This charge will be deducted from your Subscription, reducing the amount of money invested in the Plan by this amount (the amount remaining is your Net Subscription).

This must be confirmed to you at the time you agree to invest in the Plan. You are responsible for checking that the amount shown is correct. The Plan Manager will not be responsible for recovering any overpayment from, or making up any underpayment to, your financial adviser if the amount shown on the confirmation is not the amount you have agreed with your financial adviser.

- c. A current fee of £150 plus VAT will apply if you surrender or partially surrender your Plan.
- d. If your Plan is an ISA and you transfer its value to another ISA manager during the term of the Plan we will deduct the current transfer charge of £150 plus VAT.
- e. We reserve the right to increase the charges set out in Conditions 8c and 8d in line with rises in the Retail Prices Index in accordance with Condition 26.
- f. A schedule of the charges is set out on page 16 of this Brochure. The schedule is also available from your Financial Adviser.

9. Taxation

- a. If your Plan is a stocks and shares ISA and you live in the UK, you will not, under current tax rules, have to pay UK Income Tax or UK Capital Gains Tax on the profit from the Plan, but any losses on your Plan will be ignored for the purposes of UK Capital Gains Tax.
- b. If your Plan is, or becomes, a Direct Investment you may, depending on your circumstances, have to pay tax on any interest or income you receive and/or on any capital gain from selling the Plan.
- c. The taxation information in this Condition is based on our understanding of current tax legislation, regulation and practice, which may change in the future and may be applied retrospectively. The tax treatment of your investment will depend on your personal circumstances.

Terms and Conditions - continued

10. Keeping you informed

- a. The Plan Manager will send you an acknowledgement of your Application Form within five Business Days of receipt.
- b. The Plan Manager will send details of the purchase of Securities for your Plan, shortly after they have been purchased.
- c. The Plan Manager will give you a report and valuation of your Plan at six monthly intervals, as set out in the Brochure.
- d. You can contact the Plan Manager by telephone, email, fax or letter for any other information you require on the Plan.
- e. The Plan Manager will be able to provide you with information over the telephone after successful completion of its verification of identity procedures, which may include the need to provide one or more characters from your confidential password and/or the provision of personal information, from which the Plan Manager can identify you.
- f. If you ask, the Plan Manager will send you any information issued to holders of the Securities in which you invest. If you ask, the Plan Manager will invite you to vote at meetings. If you want to go to meetings in person, the Plan Manager will try to arrange this. The Plan Manager has the right to make a reasonable charge for providing these extra services.
- g. Unless you elect to receive ongoing paper correspondence on your Application Form, the Plan Manager may provide all information and correspondence in electronic format via email and/or web services. The Plan Manager may also offer alternative media for information and correspondence from time to time.

11. Transfers

- a. You have the right to transfer your stocks and shares ISA to another ISA manager, as appropriate, at any time and the receiving ISA manager should request the payment from the Plan Manager in writing.
- b. If you choose to transfer before the Maturity Date, the Plan Manager will carry out the sale of the Securities you hold, as set out in Conditions 12a & 12b. The Plan Manager will sell the Securities at the next dealing date and issue payment for the net proceeds. The Plan Manager will deduct from the sale proceeds the charges outlined on page 16 before payment to the new ISA manager.
- c. You cannot transfer part of the Securities you hold in your Plan unless as specified in 11d.
- d. If your Plan holds securities issued by more than one issuer, you may, subject to the Regulations, separately transfer the value of the securities issued by one or more issuers.

12. Closing Your Plan

- a. You may close your Plan at any time by giving the Plan Manager your written instructions. This will not affect any transactions the Plan Manager has already started to carry out. The Plan Manager will sell the Securities at the next dealing date and issue payment for the net proceeds (less any applicable fees). The Plan Manager will usually carry out this procedure within 28 Business Days.
- b. The value of your Securities will be dependent on the market price of your holdings at the date of sale. The price will be quoted by the Calculation Agent and will reflect the limited market in the Securities. The Counterparty reserves the right to cease to make a secondary market if market conditions or its corporate circumstances materially change.
- c. If your Plan holds Securities with more than one Issuer the provisions of Condition 12b will apply independently in respect of each Issuer.
- d. Before you close or transfer your Plan prior to maturity you should consider that the Plan is designed to be held for the full investment term.
- e. If circumstances arise where the Plan Manager needs to close your Plan at any time the Plan Manager will notify you in writing and in accordance with Condition 26. This will not affect any transactions the Plan Manager has already started to carry out.
- f. Once this agreement has ended, the Plan Manager will not carry out any transactions, except to allow the Plan Manager to pay the proceeds of the Securities in accordance with your instructions.

13. Death

- a. If you die during the term of the Plan, the Plan Manager will act on the instructions of your personal representatives.
- b. The Plan Manager will confirm the value of the Securities as at the date of death and will advise your personal representatives of its requirements.
- c. If they elect to do so, your personal representatives are able to re-register the ownership of the Plan and hold it until the Maturity Date.
- d. If your personal representatives wish to encash the Securities, the charge set out on page 16 will apply.
- e. If your Plan is a stocks and shares ISA it will cease to be exempt from tax from the date of death.

14. Business Disruption, Market Disruption and Adjustment Events

- a. The Plan Manager will perform its obligations set out in these Terms and

Conditions unless events outside of its reasonable control prevent or restrict it from so doing. Such events are outlined below. If such an event occurs, one consequence may be that a payment due to you is adjusted, reduced or delayed. In all cases the Plan Manager will use due care when considering how to respond and its response will be fair and proportionate. Neither the Plan Manager nor the Plan Administrator will be liable for any failure or delay in performing its obligations, as described in the Brochure or these Terms and Conditions, caused by a Business Disruption Event and will use reasonable efforts to minimise any adverse impact on you as far as they reasonably can. If you are being disadvantaged we will tell you as soon as possible.

A Business Disruption Event means a significant event which is outside the Plan Manager's control. Examples are:

- Strikes, lockouts or other industrial action;
- Civil commotion, riot, invasion, terrorist attack or threat of terrorist attack, war, the threat of, or preparation for, war;
- Fire, explosion, storm, flood, earthquake, subsidence, epidemic or other natural disaster;
- Restrictions imposed by legislation, regulation or other governmental initiatives that are not a result of misconduct;
- Recession or significant economic collapse of a market or country;
- Failure of transport networks or other external utilities (for example telecommunications networks, water or power) leading to unavoidable disruption;
- The suspension, limitation or material disruption of trading of any underlying index or share to which interest from the Plan is linked;
- The exchanges on which any underlying share, to which interest from the Plan is linked, failing to open for trading or closing early;
- The exchanges on which the constituent shares of any index to which interest from the Plan is linked failing to open for trading or closing early; or
- The level of any underlying index or share, to which interest from the Plan is linked, is not calculated or published.

There may be other significant events outside the Plan Manager's control that it is unable to anticipate. If such an event impacts its ability to perform its obligations under the Plan, the Plan Manager will advise You as soon as reasonably able, and let You know how it intends to deal with it. How quickly it

Terms and Conditions - continued

would be able to notify You may depend upon the severity of the event.

- b. Adjustment events can arise for different reasons and may affect a stock market, an index or an individual company. Should any share and/or index, to which the interest from the Plan is linked, experience an event of the nature of the examples above, which has or may have an effect on the value of its shares, the Counterparty or one of its affiliates may at its sole and absolute discretion and in good faith, determine whether any adjustment to the terms and conditions of the Security is required.

Any adjustment could include the amendment of the Opening Level, removal or substitution of the affected share and/or index, or even bring forward the Maturity Date of the investment.

Examples which may constitute an adjustment event include, but are not limited to, insolvency, suspension, delisting, a rights issue, a merger with or takeover by another company and nationalisation, a material change in the calculation of an index, the cancellation of an index or the failure of an index sponsor to calculate and announce the level of an index.

As soon as practical, the Plan Administrator will advise you of any adjustment to be made to the terms and conditions of the Plan.

The terms of the Plan contain provisions which may result in adjustments to the calculation of your entitlement to any payments which would otherwise become due from the Plan and/or the timing of such calculation as a result of extraordinary circumstances, disruption or certain adjustment events.

- c. Any payment due to you under the Plan is dependent on payment being made by the Counterparty, in accordance with the terms of the investment. These terms contain provisions which may result in adjustments to the calculation of your entitlement and/or the timing of such calculation as a result of certain adjustment or market disruption events. Depending on the event or circumstance, you may have to wait longer for the maturity proceeds than the Maturity Date.

15. Prevention of money laundering

- a. Your financial adviser has to verify your identity for the purpose of anti-money laundering regulations and will probably have asked you for sight of various documents in order to fulfil this requirement. The Plan Manager is able to accept the verification provided by your adviser but does reserve the right to request additional information and/or documentation to satisfy its own anti-

money laundering procedures.

- b. The Plan Manager will carry out electronic checks on your identity before the Plan Manager can accept an application from you or prior to selling Securities on your behalf. This is so that the Plan Manager can be sure that they are taking instructions only from the correct person. The check will be carried out using a reliable and reputable electronic database agency. This is not a credit check and will leave a different 'footprint' on your electronic record to that left by a credit check.
- c. This enables the Plan Manager to comply with the UK anti-money laundering regulations and the Rules and is for your protection. In completing an application you give the Plan Manager permission to obtain such information.
- d. It might be necessary for the Plan Manager to ask you for, and for you to provide, more information as part of this process.

16. Providing information to HMRC

The Plan Manager will not be liable to you or have any responsibility for any loss or damage you suffer as a result of any event or circumstance that is not reasonably within its control. The Plan Manager will not be liable to you for any act or fraud by any person, firm or company through, or with whom, transactions are carried out on its behalf (other than any bankers, firms, companies or any employees of companies who are associated companies).
- b. The Plan Manager will not be liable or have any responsibility of any kind for any loss or damage you suffer as a result of any failure, interruption or delay in carrying out its obligations resulting from:

- d. Nothing in these Terms and Conditions of business will exclude, or restrict to an extent prohibited by the rules of the FCA, any duty or liability the Plan Manager may have under the regulatory system (as defined by the Rules). Nothing in these Terms and Conditions of business will exclude any obligations the Plan Manager may have in common law.

- c. If you are not satisfied with the way the Plan Manager has dealt with your complaint you can complain, free of charge, to the Financial Ombudsman Service at Exchange Tower, London, E14 9SR; Tel: 0800 023 4567; or at www.financial-ombudsman.org.uk
- d. Making a complaint will not affect your right to take legal action.

21. Access to the Financial Services Compensation Scheme

- a. Meteor Asset Management Limited and Meteor Investment Management Limited are covered by the Financial Services Compensation Scheme and you may be entitled to compensation from the scheme if the Plan Manager cannot meet its obligations.
- b. In the event that the Counterparty or other issuer who the Plan Manager deals with on your behalf fails to meet its obligations to pay to the Plan Manager the amount due from the Securities you will not, for that reason alone, be entitled to compensation.
- c. Your entitlement would depend on the type of business and the circumstances of the claim. Most types of investment business are covered for £50,000 per person per firm.
- d. You may be eligible to make a claim if any of the banks we use, or may use in the future, become insolvent whilst holding your money, prior to the purchase of the Securities or pending payment to you of the amounts received at the maturity or early redemption of the Securities.

The compensation limit is currently £85,000 per person and this applies to all deposits you hold with the insolvent bank and any other member of its group. You would not be covered for any excess amount over the compensation limit. This limit will reduce to £75,000 from 1 January 2016.

For large companies and small local authorities, the compensation limit is £75,000.

A further review of the limit is currently due in 2020, at which time the £75,000 limit may be decreased or increased.

22. Governing law

23. Transfer of Rights and Obligations

- a. We may transfer Client Money to a third party as part of transferring all or part of our business. The sums transferred will be held by the party to whom they are transferred in accordance with

FCA client money rules or, if the sums transferred are not to be held under FCA client money rules we will only allow the transfer after we have completed due diligence and assessment to ensure that the party to whom the sums are being transferred has adequate protection in place to protect these sums.

- b. We may transfer any of our other obligations, rights, benefits or interests under these Terms and Conditions to any suitably qualified third party, which may be a member of the Meteor group, provided that this does not materially prejudice your rights under these Terms and Conditions. The unenforceable provision will be replaced by an enforceable provision which comes closest to the intention of the unenforceable provision, and which is of similar economic effect.
- b. If the Plan Manager fails, or chooses not to, enforce any provision of these Terms and Conditions this will not constitute a waiver of its right to subsequently enforce such provision or any other provision of these Terms and Conditions.
